ROOT CAUSES OF PROBLEMS & BARRIERS

Identifying the root cause of problems/barriers can help determine why there is a difference between the desired vision and what is currently happening. Using the following chart, identify what problems or barriers exist and then determine the root cause of those barriers. Throughout this exercise, be mindful to use good judgment. This exercise might be one of trial and error, digging deep to find the true root cause of the barrier(s).

PROBLEM OR BARRIER	ROOT CAUSE
